

**South African Bone
Marrow Registry
(SABMR)
progress, challenges & victories
F20/21**

Dr Charlotte Ingram
CEO / Medical Director

Mission

To save lives by providing hope and creating awareness within our communities for all patients in need of bone marrow stem cell transplantation

Our Focus remains Patient & Donor
Service orientated

Progress, challenges & victories F20/21

Radio Adverts / Rank TV and Billboards relationship attained with one of the Largest Media Companies (PRIMEDIA)

Successfully increased the funders / beneficiaries to 10

Gauteng & KZN Office: Up and running, successfully opened with Sustainability and Donor Recruitment enabling national out reach

Events: 2 Golf Days in one financial year

215 New patients for preliminary searches

Progress, challenges & victories F20/21

130 New patient activations

58 Suitable donors verified for 42 South African patients

9 Patient Assistance Programme applications received, 7 approved

Able to import and export product even when our borders closed during lockdown

Progress, challenges & victories F20/21

★ | 1,547 New donor sign ups (this year more than >3000 donors)

★ | Signed up first 16 year old donor from KZN

★ | Stationed first self service units

★ | Consistent 27% black donor recruitment despite no drives

★ | Reached the highest peak in SA through our WMDD Campaign to create awareness

Progress, challenges & victories F20/21

91% Staff setup to work remotely during lockdown

Introduction of the web-based access to Q-Pulse to support work out of the office

Provide support & guidance with documentation to ensure Covid-19 protocol is in place and in use

VRHR online learning platform for continuous education

Progress, challenges & victories F20/21

None of our accomplishments would have been achieved if it was not for the dedication of the staff at the SABMR and the on going support of our partners, donors, funders and NDOH re permits.

Thank you
